Referring a friend, neighbor or family member that signs up for one of our pool plans, earns you one month of "Thank You" service. There is no limit to the number of customers you can refer. Enroll twelve new customers and get a year of free service!

Proper Filtration Maintenance Prevents Poor Pool Performance.

It is extremely important to have adequate filtration in a pool in order to keep it clean and sanitary. The following is a general rule of thumb for filter maintenance, in some circumstances pools with heavy foliage and debris will require more frequent replacement:

- Cartridge elements replaced every 1-2 years
- D.E. Filters deep cleaned annually
- Sand filters need replacement sand every 3-5 years

Please contact our office to order replacement elements or to schedule a D.E. cleaning or sand change.

Holiday Service Company Policy Change

If your service day falls on **Memorial Day, Fourth of July or Labor Day**, it is possible your service may be changed to a different day to allow our technicians to enjoy the holiday. Your technician will be informing you if your service day will change in the prior weeks, to make sure gates are open and pets are contained.

REPAIR SERVICES

Should you have repair issues including: circulation, filtration, efficiency, pump, valves, motor, timer, salt cell and vacuum systems, we can schedule a service call at your convenience. Remember, every pool system requires annual maintenance in order to maintain maximum performance.

RECOVERY/CLEAN UP ASSISTANCE AVAILABLE

Need help recovering or cleaning up that winter accumulation in your pool? Call our office to schedule a poolside quote. Don't wait to request help the day before your planned family reunion or birthday celebration. Clean ups require time. Often times several days and in rare cases, multiple weeks. Schedule now to provide us adequate time to transform your dirty pool into a healthy and aesthetically correct pool.

Our Business Model Defined

We have been providing service for thirty years! We are confident that no one can sustain long-term service compared to our guaranteed high quality standard and low cost service. We are not in the business of selling chemicals. We won't sell you chemicals that you don't need. We are in the business of managing the quality of residential and commercial swimming pool water. That is what we do best.

So when you compare our service, be sure to compare experience, reliability, quality, reputation, employee training, licensure, insurance, guaranteed performance and cost.
