Service Price Increase Notification

We certainly understand that no one wants to have a price increase on their service. With the current economic circumstances its forcing increased operating costs on our business, we have to assess a minimal increase for continual operations. We currently are seeing monthly and weekly increases on every level in our industry. We try to do what we can to help minimize these increases for all our customers, unfortunately most are unavoidable.

We want to continue to thank our customers for your loyalty and want to inform you that your monthly service rates are still below market value. Any accounts that are set on Autopay will be adjusted to reflect the new rates. Please adjust any bank pays that you have set automatically.

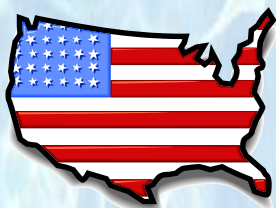

General Spring Pool Care:

- Brush pool walls twice a week
- Filter 10-12 hours daily
- Keep pool and skimmers free of debris

D.E. systems need annual maintenance. To insure proper filtration this swim season, D.E. filters need to be cleaned and inspected. Schedule your crack and clean today.
