Monthly Service Price Increase Notification

North East Florida Pool Service is changing our practice of how we invoice our monthly service customers. Starting this year our customers will not have a separate Annual Conditioner Charge on their account, which was typically invoiced in June of every year. Your monthly service price will include this service. You will see an increase in monthly service rate to reflect this change.

In addition, this service rate increase will also include the increase in chemical cost imposed by manufactures and wage adjustments for all of our Technicians. Any accounts that are set on Autopay will be adjusted to reflect the new rates. Please adjust any bank pays that you have set automatically.

Thank you from the North East Florida Pool Service family!

General Spring Pool Care:

- Brush pool walls twice a week
- Filter 10-12 hours daily
- Keep pool and skimmers free of debris

Call our office today to inquire about our new lineups of variable speed pumps.
